Covering 1,000 hectares, Dunk Island is located approximately 4 kilometres off the Tropical North Queensland coast (the township of Mission Beach), midway between Townsville and Cairns.

Golden sands, palm-lined beaches, tranquil waters and a thriving rainforest. This is Australia's most spectacular rainforest island. It was known to the first inhabitants as 'Coonanglebah' the isle of peace and plenty. Today, the palm fringed beaches and lush rainforests of this tropical island is the perfect place to unwind. With countless activities and experiences you'll be tempted to extend your stay indefinitely.
